Fall 2018 Directory

At the Y, we believe Cultural and Performing Arts education not only enriches a child's mind, but also helps them develop confidence and character. We foster a creative environment for advancing the art form, educating students, and developing future theater lovers, while providing access for all.

We provide a nurturing environment where children can hone their craft – a place that encourages them to try new things without fear, and allows them to explore their talents and creativity. Whether your child is an aspiring performer, or simply wants to increase their comfort level in front of an audience, there is a part for you in the ACT OUT THEATER PROGRAM.

For generations, we have been helping students of all ages and skill levels develop their passion for performance – qualities that will help shape them forever. Whether it's singing, dancing, acting, or learning how to connect with an audience, our exceptional team will bring their passions to life on the big stage!
