YOUR MEMBERSHIP MEANS MORE

With a focus on developing the potential of children, improving personal health and well-being, and helping our society, your membership provides meaningful change – not just within yourself, but in your community too.

Youth Development

We believe the values and skills learned early on are vital building blocks for quality of life and future success. Our programs are staffed with trained people who understand the cognitive, social-emotional and physical development of children. Together, in collaboration with families, we create a warm and welcoming environment for the next generation.

Healthy Living

At the Y, health and fitness are a way of life. Now, more than ever, we believe exercise is critical to building and maintaining a healthy immune system. Meet new friends and stay in shape by participating in Aquatics, Group Fitness Classes, Cardiovascular Conditioning and Strength Training, Chronic Disease Prevention & Recovery Programs, Personal Training, Sports, and so much more.

Social Responsibility

We know that when we work together, we move individuals, families, and communities forward. The Y responds to Long Island's most pressing needs by developing innovative, community-based solutions to help those in need to reach their full potential. We are also committed to inspiring a spirit of service by uniting individuals from all walks of life to participate in and work for positive social change.
