

APRIL 13-17, 2026

# FIVE DAYS OF ACTION®

**KEEPING KIDS SAFE IN THE DIGITAL SPACE**

## **Protecting Children & Strengthening Community Awareness**

The YMCA of Long Island is proud to join Ys across the country for Five Days of Action®, a national initiative dedicated to raising awareness and inspiring adults to take action to protect children from sexual abuse.

### **Why It Matters**

Child safety is a shared responsibility. Five Days of Action® helps empower communities to better understand warning signs, recognize risk, and take meaningful steps to keep kids safe—both online and in person.

### **KNOW. SEE. RESPOND.**

At the Y, we are committed to creating a culture of safety where:

- KNOW the signs
- SEE potential risks
- RESPOND to protect children

### **Together We Can Make a Difference**

When adults are informed and engaged, children are safer. Five Days of Action® reminds us that prevention starts with awareness—and continues with action.

Five Days of Action® is a week-long campaign designed to raise awareness and inspire adults to take action to protect children from sexual abuse. Scan the QR code to learn more and to gain access to resources!
